CHIEF OF POLICE DONALD M. SCOTT

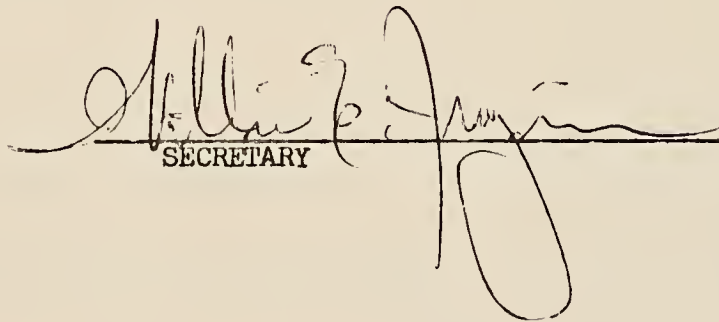

Chief of Police Donald M. Scott reported to the Police Commission regarding the incident that occurred on Friday, July 12, 1974, involving the White Panther Party at 1632 Page Street. He stated that certain people had criticized the Police Department's action but investigation reveals that the Police Officers involved were "One Hundred Percent right." He stated that two police officers, assigned to the Park Police Station Burglary Unit responded to the Page Street address to arrest a burglary suspect whom they had reasonable cause to believe to be hiding at this location. He stated that the two officers knocked on the door, discussed the problem with the residents and announced their intentions. The officers were met with resistance by the residents who knew that the suspect was on the premises, and as the officers ascended

the stairs some person (unknown) fired upon the officers narrowly missing them. The officers drew their weapons but did not fire. They then withdrew from the premises and called for assistance.

The Chief then stated that more officers arrived and they were systematically deployed to provide safety for other residents and the removal of bystanders from the immediate vicinity. He also presented photos to the Commission to back up his statements. He specifically termed as "ridiculous" charges that police officers were responsible for starting the fire that burned the Panthers Page Street address. He stated that further investigation has confirmed reports that an unidentified man holding a flaming object appeared after the shooting began and that the fire started after a police sharpshooter took a single shot at the man. He also stated that there was a short delay before the firemen moved in to extinguish the blaze, but said this was because police were concerned for the firemen's safety. The Chief then stated that the investigation into this matter is continuing.

The Commissioners thanked Chief Scott for his report.

The Commission then adjourned its meeting.

PRESENTATION BY THE INSPECTOR OF MOTOR VEHICLES, CHARLES MURRAY, ON
THE USE OF COMPACT CARS IN POLICE WORK BY THE SEATTLE WASHINGTON POLICE
DEPARTMENT.

Inspector of Motor Vehicles, Officer Charles Murray appeared before the Police Commission and spoke of the use of Compact Cars by the Seattle Washington Police Department.

Officer Murray stated that he had been in contact with the Seattle Department and they stated that the word Compact Cars was somewhat of a misnomer. His information from the Seattle Department was that they use a Dodge Dart that has the same engine that the San Francisco Police Department use in the Plymouth Satellite. Officer Murray stated that the Seattle Department cars were more expensive, i.e., \$3,485 as to our cost of \$3,278 per vehicle. He also stated that their cars were three hundred (300) pounds lighter than ours and that they found it necessary to put special equipment in the cars to compensate for the lightness in weight. He further stated that the Seattle Department was not satisfied with the performance of this vehicle and that the vehicle itself was closer to an intermediate type than a compact type.

The Commission then thanked Officer Murray for his presentation.

RESOLUTION NO. 412-74

HEARING OF SERGEANT WILLIAM S. SISACK, CENTRAL POLICE STATION

The hearing of Sergeant William S. Sisack, Central Police Station, was called, it having been set for this date. Sergeant Sisack was charged with violating the Rules and Procedures as follows:

SPECIFICATION NO. 1

Failure to truthfully answer all questions propounded by one specifically assigned by lawful authority to conduct an investigation involving police matters. (Violation of Section 2.49 of the Rules and Procedures of the San Francisco Police Department)

in a properly verified complaint by Captain James M. Curran,

Commanding Officer, Central Police Station, San Francisco Police Department.

Sergeant William S. Sisack appeared in person and was represented by Mr. James Martin MacInnis, Attorney at Law.

Captain George Eimil, Director of Personnel, appeared as the Prosecutor for the Police Department; and

WHEREAS, Captain Eimil made a motion to withdraw charges against Sergeant William S. Sisack, Central Police Station, based on the following letter from the United States Department of Justice, directed to Donald M. Scott, Chief of Police, San Francisco Police Department:

"We have been requested by your Legal Division to turn over our files relating to an investigation in connection with which William Sisack was indicted.

This investigation is essentially a grand jury probe and the evidence was obtained as a result of testimony in the grand jury. As you are aware, such grand jury proceedings are secret and may not be surrendered.

We have urged witnesses to testify openly in the grand jury and assured them that their testimony would be kept secret. This investigation is still being conducted by the grand jury. If it came to light that these minutes had been surrendered prematurely, it might jeopardize the investigation and discourage the type of candid testimony which is required if the investigation is to succeed.

We must, therefore, decline to surrender to you our files containing these grand jury records. We do this because the law requires it and because of the potential danger to an ongoing investigation.

However, once the investigation and prosecutions arising out of the investigation are completed and an appropriate order is obtained, we will be happy to assist your Legal Division in any way possible."

and

WHEREAS, Captain Eimil continued with the request that the charges at this time be withdrawn, and that Sergeant Sisack be reinstated as a Police Sergeant in the San Francisco Police Department with full restoration of all rights and benefits lost during the period of his suspension; therefore be it

RESOLVED, that the above-stated charges filed before the Police Commission on 4 September 1974, against Sergeant William S. Sisack, Central Police Station, be, and the same are hereby withdrawn; and be it further

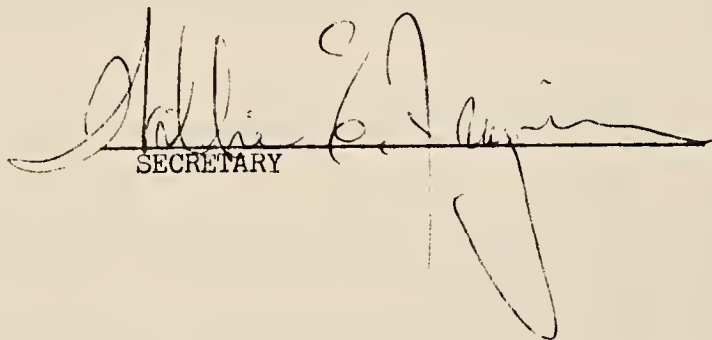

RESOLVED, that Sergeant Sisack be reinstated as a

Police Sergeant in the San Francisco Police Department with full restoration of all rights and benefits lost during the period of his suspension, namely, from 0001 hours, Friday, 30 August 1974 to 1800 hours, Wednesday, 25 September 1974.

POLICE DEPARTMENT REVIEW OF MEASURES TAKEN TO COMBAT CRIME ON THE MUNICIPAL TRANSPORTATION SYSTEM.

Deputy Chief of Police William J. Keays, appeared before the Police Commission and stated that the Police Department has been very active in its attempts to curb crime on the Municipal Railway Transportation System. He then called upon the Supervising Captain of Districts, Captain Jeremiah P. Taylor, to show what is being done to alleviate the problem.

Captain Taylor stated that statistics received from the Municipal Railway actually shows a reduction in crime over the last year. He stated that in July of 1973, he issued an order for officers in various areas to start to ride the Muni Street Cars and Buses eight (8) hours a day and this continued until December 1973, when, because of other more serious and pressing crimes caused a slight diversion of manpower. Even then an order was issued to the men to ride the Muni at various times when they were not responding to called for services. The Zebra operation was the primary factor for the diversion, however, attention was still being given to the Muni system. He then stated that on May 5, 1974, the Muni detail was re-instituted and a detail of one Sergeant and six (6) officers were ordered to ride the Street Cars and buses at times and places where they were most needed as dictated by the Muni Railway Officials. He stated that this continued until August 10, 1974, when there was a call for a squad of men to be assigned to the downtown area to combat the increasing number of crimes. This caused another slight diversion and concentration of manpower and reduced that areas crime by seven (7) percent. He further stated that following this reduction in crime the manpower was increased and redeployed to the Muni and today this Crime Prevention Unit took into custody five (5) people who had in their possession four (4) daggers, 1 meat cleaver and a heavy chain. Captain Taylor also stated that he receives his statistical information from a Mr. England who works for the Muni System and the statistics reveal that their has been no great increase in crimes aboard this system.

He stated that there has been an average of eighty one (81) crimes a month. In 1973, from January to August there were 827 crimes and for the same period in 1974 there were only 645. He stated that he had a meeting with Muni Officials and Juvenile Officials on the problems created on the Muni by youngsters after high school games. Muni has now promised to give advanced notice to the police department on locations of when and where problems are likely to occur.

Deputy Chief Keays then called upon Captain O'Brien, the Department Secretary, to relate to the Commission on the fiscal aspect of the problem.

Captain O'Brien stated that the Police Department's Planning and Research Bureau had made an extensive study on the feasibility of creating an adequate Muni Transit Police Detail. This study revealed that it would take approximately 100 more men, or in other words, the amount of personnel and equipment to operate a brand new police station. The cost would be approximately \$2,350,000 dollars. This information was then forwarded to Mr. James Woods of the Muni Railway. Captain O'Brien further stated that at present, we are 120 men short in the Police Department and that each year we submit our budget asking for more personnel and each year x number of personnel is cut. He also stated that a request to fill twenty-nine vacancies for civilian personnel in the budget was frozen and would not be replaced by the Board of Supervisors.

These are vital positions that must be manned and thereby necessitates the bringing in from the street, police officers to perform this function.

Deputy Chief Keays stated that it has been suggested by some laymen that the police department use officers that are now involved in non-police functions to create a muni-transit police detail. They suggest taking people from Police Community Relations, Police Youth Program, Juvenile Bureau and the Police Athletic League. This would be a gross error for the preventive aspect of crime these various details are performing cannot be measured. He stated that the Department will meet with the PUC and Muni Officials and write up a program in an attempt to gain Federal Funds from the Public Emergency Act.

Commissioner Cardoza then thanked the Deputy Chief for bringing the matter before the Commission.

REQUEST FOR SUPPLEMENTAL APPROPRIATION - CONTINUED OFF CALENDAR AND WILL BE CONSIDERED AT A LATER DATE.

The request for a Supplemental Appropriation in the sum of \$13,499 to reclassify one (1) Q35 Assistant Inspector, Community Relations Unit, as Director, Police Community Relations Unit, and one (1) 0410 Property Clerk as Custodian of Property, has been continued off calendar to be considered at a later date.

POLICE OFFICER JESSE J. BYRD, PRESIDENT, OFFICERS FOR JUSTICE
POLICE OFFICERS ASSOCIATION.

Police Officer Jesse J. Byrd, appeared before the Police Commission urging the passage of a supplemental appropriation to reclassify the Commanding Officer of Community Relations, Rodney Williams, as Director, Police Community Relations. He then read Section 4.9 of the proposed Policy Manual of the San Francisco Police Department:

"RESPONSIVENESS TO THE COMMUNITY. The Department must be responsive to the needs and problems of the community. While the Department's task is governed by the law, the policies formulated to guide the enforcement of the law must include consideration of the public will. This responsiveness must be manifested at all levels of the Department by a willingness to listen and by a genuine concern for the problems of individuals or groups. The total needs of the community must become an integral part of the programs designed to carry out the mission of the Department."

Officer Byrd then stated that the members of the Officers for Justice feel that the Community Relations Unit has been slighted. He stated that Inspector Williams has been in charge of the Unit for the past four years and was never upgraded to the level of command commensurate for the position. He stated that such a promotion was long overdue and that the Department should stop using rhetoric in its reasons for not upgrading Inspector Williams. He also stated that the Man who is now being considered for upgrading in the Property Clerk's Office has only been in that position for a short while, however, the police department took immediate steps to upgrade the position. He then stated that the Police Department should consider the feelings of the Community. He stated that Police Community Relations was one of the most important aspects of the Police Role and the Department's recognition of this fact and upgrading of the unit would do wonders to bridge the gap between the Police Department and the Community. He further stated that the Police Department has a tendency to acknowledge all request made by the San Francisco Police Officers' Association. He also stated that the San Francisco Police Officers' Association was only a group of Police Officers like himself and did not run the San Francisco Police Department. He then implored the Police Commission to upgrade the Community Relations Unit by giving its Commander responsibility with commensurate rank and authority to properly administer the task of Police Community Relations which encompasses all Communities of the City and County of San Francisco.

William Murphy:

"This is Thomas M. Gee, Director of the Criminal Justice Division of the San Francisco Bar Association, although I explained to Mr. Gee after having a conference with the Secretary of the Police Commission regarding the Administrative Code that there is no requirement of the Police Commission or any Department to discuss the decision of the rules prior to their adoption and they are only posted after adoption, nevertheless Mr. Gee feels that as the Director of Criminal Justice Project of the San Francisco Bar Association, that the Bar Association be allowed to participate to the same extent as any other citizen group and offer whatever expertise the Bar Association has with a viewpoint of cooperating with the Police Department in the formulation of these rules. Mr. Gee would like to address the Commission, if you please Mr. Commissioner."

Mr. Gee:

"We are as perhaps the Commissioners is aware that the San Francisco Committee on Crime in a report on the Police Department in 1969 and 70 a number of criticisms were reported regarding the organization, management and supervision of the department and we were concerned at the time and we are concerned now. We feel also that it is helpful to all concerned, including the Police Department, if the community does have an opportunity to look at the proposed regulations and procedures feeling that there is something that is not imposed on the community but there is an opportunity for suggestions and input to the Commission."

Dr. Garner:

"Did you ever see a letter from Sergeant Frazier stating that the rules could be changed at any time?"

Mr. Gee:

"No, I didn't. I didn't request any such item. -----but we would join in the request, that we have an opportunity, we would have a copy of those regulations and rules at cost so that we could examine it and also be notified when the next meeting was going to be. All right, thank you."

"My name is Paul Hartman. If I may address the Commission please. I had written to the Commission requesting notification of the hearing on this particular subject. I am a member of Citizens for Criminal Justice, which is a regulated citizens group. I come here however, representing myself more than a member of that group and I was a little surprised not to be notified, having received a letter from the Commission in response to my request for information and the fact of what we are up too. We are a citizens group, we do work in this area, primarily at the State level and also at the Local level. We would be interested in

notification of a meeting like this when it is on the agenda. I don't know what other method we could use but to write a letter if there is going to be another meeting on this subject. I would request notification."

Mr. Murphy:

"Mr. President, I've explained to Mr. Gee my opinion the Police Commission need not meet with anyone prior to adopting reasonable rules and regulations for the governing of the San Francisco Police Department, which seems to be the authority through the Charter, and I think its just. I think its within your discretion whether you want to meet with us or not and we're just here today not demanding that you meet with us before you make the rules that will govern your Department, but to let you know that we are interested and would like to cooperate with you and maybe we would have something that would be beneficial to you and that's the spirit in which we come here, knowing full well that you don't have to give us anything, but we would like you to cooperate with us and we would cooperate with you."

Dr. Garner:

"Thank you, Mr. Murphy."

Mr. Murphy:

"And you will be well represented at the Bar Association Meetings, I assure you."
